Oracle Beats Amazon Web Services in Head-to-Head Cloud Database Comparison

27 February 2017

Oracle Executive Chairman and Chief Technology Officer, Larry Ellison today demonstrated that Amazon databases are 20 years behind the latest release of the Oracle Database in the Cloud. In his keynote presentation at Oracle OpenWorld 2016 in San Francisco's Moscone Center, Ellison shared benchmark test results that showed that Oracle Database-as-a-Service (DBaaS)...
